AORN SYNTEGRITY®

PERIOPERATIVE DOCUMENTATION SOLUTION

Example: Counts Documentation

Phase of Care : IntraOperative

Documentation Content : Documentation Data Sets

Category : Procedure

Grouping : Sponge, Sharp and Instrument Counts

Primary Field-Data Type	Field Condition	Conditional Field	Values	PNDS Code
Risk for Retained Surgical Items - List (Multi-Select)			BMI > 35, Emergent or Trauma Procedure, Length of Scheduled or Actual Procedure > 4 hrs, Multiple Hand-offs (shift changes), Multiple Surgical Teams, Unexpected Change in Scheduled Procedure	"[PF-Risk for Retained Surgical Items: A.70]
Counts - List (Single-Select) - Multi Entry			Initial Count, 1st Count, 2nd Count, Additional Count, Cavity/Wound Closure, Final Count, Permanent Relief, Waived Count	"[PF-Counts: Im.20]
	If {Initial Count} is selected	Personnel Performing Count - Facility List (Multi-Select)		
	If any value is selected	Counted Items - List (Single-Select)	Instruments, Sharps, Sponges, Miscellaneous	
	If {Waived Count} is selected	Waived Count Reason - Text		
	If {Waived Count} is selected	Intraoperative Radiograph Performed - List (Single-Select)	Yes, No	
	If any value is selected EXCEPT {Initial Count and Waived Count}	Counted Items - List (Single-Select) - Multi Entry	Instruments, Sharps, Sponges, Miscellaneous	
	If {Miscellaneous} is selected	Miscellaneous - Facility List (Multi-Select)		
	If any value is selected	Count Results - List (Single-Select)	Correct, Incorrect, NA	"[CF-Count Results: E.50]
[Value-Correct: O.20]				
[Value-NA: O.20]				
	If {Correct} is selected	Intraoperative Radiograph Performed - List (Single-Select)	Yes, No	
	If {Correct or Incorrect} is selected	Personnel Performing Count - Facility List (Multi-Select)		
	If {Correct or Incorrect} is selected	Surgical Team Notified of Count Results - List (Single-Select)	Yes, No	
	If {No} is selected	Comment - Memo (required)		
	If {Incorrect} is selected	Unresolved Count Results - List (Single-Select)	Item Deemed Missing - Recount Incorrect, Item Recovered - Recount Correct	
	If {Item Deemed Missing - Recount Incorrect} is selected	Interventions Taken Due to Missing Item - List (Multi-Select)	Called for Assistance, Room Searched, Sterile Field Searched, Wound Re-Examined, Intraoperative Radiograph of Surgical Site/s Performed	
	If any value is selected	Unresolved Count Outcome Comment - Memo (optional)		
Description, Location, and Quantity of Items Retained for Hemostasis or Packing - Text				"[PF-Description, Location, and Quantity of Items Retained for Hemostasis or Packing: E.50, Im.20, O.20]
Description, Location, and Quantity of Hemostasis or Packing Items Removed - Text				"[PF-Description, Location, and Quantity of Hemostasis or Packing Items Removed: E.50, Im.20, O.20]
Adjunct Technologies Used - List (Multi-Select) - Multi Entry			Bar Code Sponge Counting Device, Radio Frequency Identification Device (RFID), Other	"[PF-Adjunct Technologies Used: E.50, Im.20, O.20]
	If {Other} is selected	Other - Text		
	If any value is selected	Scan ID - Text		
	If any value is selected	Comment - Memo (optional)
