

## REPORTING = PREVENTION

- » Wash sticks and cuts with soap and water.
- » Flush splashes with water.
- » Irrigate eyes with water, saline, or sterile irrigant.
- » Report incident to your supervisor.
- » Seek medical treatment immediately.
- » Discuss the risk of infection based on the circumstances of the injury.

USE THE SHARPS SAFETY TOOL KIT

Funded through the AORN Foundation and supported by a Grant from Aspen Surgical, a Hill-Rom Company.
