## LEARNING OUTCOME

After completing this continuing nursing education (CNE) learning activity, the perioperative RN will have increased his/her knowledge of current, evidence-based perioperative practices and preparation strategies to successfully complete the CNOR® exam.

## EDUCATIONAL OUTCOMES:

1. Review evidence-based perioperative nursing principles and practices.
2. Discuss key components of the nursing process related to perioperative nursing care.
3. Examine test taking strategies to maximize performance on the CNOR® exam.
4. Develop a personal study plan for success.

\*After completing the online assessments, weekend event, and course evaluation, participants will be able to receive

# 17.4

CNE CONTACT HOURS.

## ABOUT OUR PRESENTER:

Mary A. Hillanbrand, DNP, RN, CNOR, CCNS, CNS-CP. Perioperative nursing expert with over 33 years of experience in administration, clinical practice, and sterile processing settings. Recently retired from the United States Air Force during which time she deployed to Iraq in support of Operation Iraqi Freedom. Implemented evidence-based practices in all areas of perioperative nursing to enhance team compliance using AORN guidelines and best clinical practices.

## PROGRAM AGENDA

No walk-in registration available.

Additional course information will be sent via email to registered participants.
