

PERIOP 101: A CORE CURRICULUM™

BUILD A STRONG EVIDENCED-BASED CLINICAL FOUNDATION

Periop 101: A Core Curriculum™ is the premier education program for RNs entering the perioperative specialty. It fully prepares nurses with consistent, current information in the classroom and online, and clinical experience to reinforce what they have learned.

The program is developed and continually updated to reflect the latest evidence-based *Guidelines for Perioperative Practice* and includes graduate-level QSEN competencies. Hospitals and ambulatory centers that use Periop 101 report quality improvement, reduced training time for staff and educators; and stronger recruitment and retention.

The comprehensive, blended-learning approach features:

- Highly interactive modules
- Textbook readings and study guides
- Hands-on skills labs
- Clinical practicum
- Group activities
- Clinical technique video demonstrations

Choose from three unique programs to support inpatient and ambulatory surgery centers:

Periop 101: A Core Curriculum™ OR	39.8 CH
Periop 101: A Core Curriculum™ ASC	40.3 CH
Periop 101: A Core Curriculum™ Cesarean Section	36.4 CH

Complement Periop 101 Education with an eGuidelines+ Subscription

eGuidelines+ is an online facility subscription to AORN *Guidelines for Perioperative Practice*. Your subscription includes online implementation tools and clinical resources to further your OR team's competencies.

Over 40,000
graduates and
counting

Over 4,500
students
each year

“Periop 101 reinforces critical thinking and engages a variety of methods and modalities to keep the learner engaged while learning new material”

- Toni Hughes, MA, BSN, RN, CNOR, Nurse Educator

More Education Resources

Periop 101: A Core Curriculum™ is a user-friendly, online program available 24/7. In addition, administrators, preceptors, and students have access to support tools.

AORN provides everything you need for successful implementation with minimal start-up work.

Administrator Support	Student Support	Preparing the Preceptor
<ul style="list-style-type: none"> • Two-year access, including student modules and an Administrator Implementation Guide • Administrator Resource Center with over 150 resources and tools, including sample course schedules, skills labs, clinical objectives, and assessment tools • Regular course content updates provided by AORN • Ongoing support from experienced clinical team leaders who have implemented Periop 101 • Quarterly administrator webinars and newsletters 	<ul style="list-style-type: none"> • Six-month access to complete the interactive learning program and final exam • Complimentary, one-year AORN membership that includes 200+ free CNE contact hours and guideline resources • Reduced rate for membership renewal • Reading and video assignments, and final exam study guides within the course • Video clips demonstrating skills • Unlimited access to module post-tests during course 	<ul style="list-style-type: none"> • Complimentary six-month access for up to four preceptors per agreement. The number of preceptor seats depends on the number of learner seats purchased (includes 1.25 CH) • Preceptor tools that include tips for supporting and recognizing orientees, reflection points to promote critical thinking, daily feedback tool, and more • Scenario-based case studies to promote the understanding and application of knowledge • Preceptor processes specific to each level of learners (students, graduate RNs, or experienced RNs who are new to surgery)

Assigned course textbooks (purchased separately):

- AORN's *Guidelines for Perioperative Practice*, latest edition
- *Alexander's Care of the Patient in Surgery*, latest edition
- *Perioperative Care of the Pregnant Woman: Evidence Based Clinical Practice Guideline*, latest edition (for C-Section learning plan only, not currently sold through AORN)

Individuals can purchase assigned textbooks at a discount as part of the Periop 101 Textbook Package; or facilities can subscribe to the AORN eGuidelines+ and students can purchase Alexander's.

Additional Recommended Videos

AORN recommends more than 44 video modules to supplement Periop 101 through the AORN/Cinemed Video Library. Online subscriptions are available for a consistent education platform to benefit all perioperative staff. Special discounts are available to Periop 101 customers.

Fee Structure & Packaging

A two-year agreement includes rights to use the online courses and access for Periop 101 Administrators to teach all three learning plans (OR Nurse; OB RN Cesarean Section; ASC RNs). Packages are based on numbers of student seats your facility wishes to purchase.
