Weber has attended AORN Global Surgical Conference & Expo two times in the past 10 years, each time as a delegate.

Highlights of Weber's service to AORN include that she is

- a member of the AORN Silicon Valley Board of Directors (2024-present)
- a member of the AORN Mentorship Program (2025-present)

- a Periop 101 administrator, Alameda Health System, Oakland, California (2025-present)

She has been

- chair of the Health Equity Task Force (2024)
- a member of the Care of the Transgender Patient Task Force (2023-2024)
- a Periop 101 administrator, Saint Francis & St. Mary's Hospitals, San Francisco, California (2022-2024)

In other leadership roles, Weber is

- a member of the California Alliance for Perioperative Practice, Perioperative Nursing Academia (2025-present)
- a mentor for the Association of California Nurse Leaders (2024-present)
- a member of the Association of California Nurse Leaders Nursing Professional Development Committee (2025-present)
- a nursing program educator (2016-present)
- co-chair of the Perioperative Executive Committee (2021-present)

In her community, Weber has been

- a youth sports team manager and health liaison (2016-2020)
- a volunteer for tiny home construction for unhoused persons of San Francisco, California (2022)

## ELECTION STATEMENT

Modern health care continues to challenge perioperative practice and the well-being of patient-centered care. As members of AORN, we know that our association must remain the beacon of perioperative excellence, providing evidence-based tools and member-driven leadership to meet these challenges.

Throughout my service, I have been privileged to contribute to AORN through task forces and toolkit development—projects I consider true passion work. Whether building resources to advance health equity, collaborating to develop practical toolkits, or supporting initiatives that improve member engagement, I have seen firsthand how these collective efforts transform ideas into bedside solutions. These projects have been some of the most meaningful parts of my career because they embody the spirit of collaboration and service that defines AORN.

Membership remains the backbone of our association, and I believe our success depends on not just growing membership but ensuring members are meaningfully engaged and supported. By listening to the voices of perioperative nurses across chapters, assemblies, and specialty practice groups, we can expand opportunities for learning, leadership, and impact.

I believe AORN is at its best when we elevate the perioperative voice, empower chapters, and champion diversity, equity, and inclusion. If elected, I will bring a collaborative, data-driven, and systems-thinking approach to guide the Association's future—ensuring every perioperative nurse is equipped, supported, and heard.

Serving on the Board of Directors would be an honor. With integrity, humility, and passion, I will represent our members and deliver safe, inclusive, and innovative perioperative care—**every patient, every team, every time.**
