In her community, Joyce is

- a parishioner at Saint Joseph's Parish, Cottleville, Missouri (2016-present)

She has been

- CVOR team captain, American Heart Association Heart Walk (2023)

ELECTION STATEMENT

I knew I was destined for the OR when I witnessed my first surgery during nursing school in 2006. Twenty years later I still feel the same joy I felt that day when I walk into an OR. Early in my career I had many wonderful mentors in the OR and have been fortunate to mentor and support new nurses over the years. I strive professionally each day to inspire and encourage our next generation of perioperative nurses.

Just like in nursing school, I knew being involved in and serving to advance the mission of AORN was a part of my professional calling. I observed leaders at a national level support members and learned the governance process of elections. I've participated in town halls at Congress and online. I have had Board members truly listen to myself and members. I am grateful to past Nominating Committee members for finding candidates who care greatly about members and strive to help those across the globe. I am excited to be a candidate for the process of seeking out such qualified perioperative professionals.

As your Nominating Committee candidate, I pledge to uphold the values and mission of AORN, and actively seek out qualified candidates who will continue to listen to members. I will ensure these candidates possess the skills to successfully lead the future for perioperative nurses. I welcome the challenge of finding our next great leaders to represent you as the perioperative nurse and I respectfully ask for your vote.
