What is the AORN Foundation?

The philanthropic partner of AORN - A 501(c)(3) nonprofit charity

OUR MISSION

We empower perioperative nurses in advancing patient and workplace safety through education and research.

SAFE SURGERY TOGETHER
2019 Was an Impactful Year

- 741 individuals received grants for professional development
- 91 academic scholarships were awarded
- 28 grants were issued to chapters
- Over $1.4 million in funding distributed for education and professional development programs
- 33 face-to-face educational events across the country
- $0.79 of every dollar raised for the mission directly supports education and research programming

SAFE SURGERY TOGETHER
You Are Making a Difference

“This generous help you, the donors, have provided goes a long way. Not only do you help us to continue with school, you help our kids, our husbands and wives, our patients and our community. School makes us improve in so many different aspects of our lives that many benefit from it; so when you say “I am helping a nurse” you should say instead “I am helping a community”.

SAFE SURGERY TOGETHER
MAKING A DIFFERENCE WITH THE AORN FOUNDATION

“I cannot thank you enough for your generosity. I have big dreams, and would not be where I am today without your generosity and funding of scholarship programs. I hope that someday I will be able to help future nursing students the way you have helped me.”
- AORN Foundation Scholarship Recipient
