EXPLORE THE PERIOPERATIVE NURSING SPECIALTY

Attend the Student Nurses Program

Join us on Student Day, Tuesday, March 22, for an exciting interactive presentation that follows a patient through the perioperative experience from admission to discharge. This dynamic learning experience builds clinical reasoning and real-time problem-solving skills as you’ll actively engage in determining and customizing care based on the patient’s changing situation. You will gain a better understanding of quality and patient safety in the perioperative setting.

UNDERGRADUATE STUDENT NURSES RECEIVE COMPLIMENTARY CONFERENCE REGISTRATION AND ARE WELCOME TO ATTEND THE ENTIRE WEEK.*

LEARN ABOUT THIS PRESTIGIOUS CAREER OPPORTUNITY BY:
• Meeting experts in the field
• Participating in a customized interactive case study
• Connecting with your student peers and experienced perioperative nurses
• Exploring the latest surgical technologies from medical device companies
• Meeting with recruiters from top health systems
• Receiving a complimentary one-year AORN membership
• Attending education sessions

Register for the day or week by going to aorn.org/surgicalexpo.

*Complimentary registration is available to individuals pursuing education leading to eligibility to sit for the registered nurse licensing examination. Nursing students will be asked to show their student ID at registration.
